* The Ellové Technique™ is a cross-training class for dancers that takes the pure principles of ballet, yoga, Pilates, fitness, and physical therapy and seamlessly integrates them into a one-hour class that is equally challenging and restorative, choreographed to a carefully crafted playlist. In one hour, students hone their strength, flexibility, and balance as they simultaneously honor their bodies' needs and abilities. **Ellové classes are mandatory for L6 - L8 dancers, please refer to the schedule above for your day/time.**

** L7 & L8 dancers may be accepted into Youth Company (please refer to placement letter) and must pay additional tuition outlined in “Youth Company” section above.

***In addition to this schedule Career Track dancers take Curriculum L7 & L8 based on placement at no additional cost. **Career Track Technique classes will begin on Tuesday, September 12, 2023.**

Dance Lab is a class that focuses on discovering dance from a subjective point of view without a hierarchy of aesthetics. The class oscillates between exploring existing genres of explorative dance (such as contact improvisation, Gaga, floor work, etc.) to creative exercise in self-expression or choreography. This class aims to give students autonomy over their learning, and understanding of what it means to dance as well as who they are as artists.

TPB is a gender-affirming academy. For questions regarding schedule inclusivity please contact lauren@theportlandballet.org
